

For You, My Sons

This is the conversation that all mothers wish they could have with their sons. In a heartwarming letter to her two sons the author deals with issues ranging from love and hate to good manners and safe sex. Included throughout the book are quotes from philosophers, authors, poets, scripture, and historical figures. In the final section of the book the author has invited other mothers to share their own personal letters to their sons. Use this book to open a dialogue with your son, or as inspiration for your own letter.
