On the earth human is only the supreme. It has been appointed by birth to run all the activities as per job description given by the Creator who is actually the Owner of this whole. The capacity of the human has been tested at so many times whenever it was needed in hard even impossible looking situations. There is always need to develop it more and more. The humanity is the core value of the human and it has a strong relation with the soul. Without soul the body is nothing and useless or on the other hand it can be said that human is not human who was created for this earth. The soul will be in peace not only on the earth but also in heaven if the character of the human is purely as desired by the Creator. The human character is important to deal with all relations for a healthy and peaceful atmosphere around us. The beautiful, simple and concise targeted poems may prove for the character building of the children from the school age.
