

Here Be Dragons: A Parents Guide to Rediscovering Purpose, Adventure, and the Unfathomable Joy of the Journey

Before our three kids, we were decent people. Interesting even. One of us taught Shakespeare to gang members while the other flew reconnaissance missions off North Korea. But our own children were our biggest challenge. We were passionate and service-driven folks, except we were not demonstrating this to our kids. We spent so much time trying to be good parents that we forgot to be good people. Something had to change. * * * Two parents take the personal challenge to better balance their work and family lives. Their humorous stories have deep meaning as they raise their children and strive to leave their mark on the world. Filled with poignant moments and plenty of laughs, Here Be Dragons recounts the adventures of one family just trying to stay afloat.
